

CUSTOM THREADED PRODUCTS

Our founders at C.M. Mockbee began manufacturing custom threaded products in 1909. Offering excellent customer service for over a century, our team is proud to expand our manufacturing capabilities.

Our new high-speed, roll-threading machines allow us to create reliable, quality products and increase production capacity. We specialize in the production of custom anchor bolts, turnbuckle assemblies, and sag rods. We also manufacture all thread studs in most grades and finishes.

OUR CAPABILITIES

Industry-leading turnaround time and unmatched quality make C.M. Mockbee a proven source for your custom threaded needs.

Anchor bolts

Turnbuckle assemblies

Sag rods

Plate washers

All thread studs

We offer threading for bolts ranging from 1/2 to 3 inches in diameter to virtually any ASTM specification and we manufacture custom plate washers in-house.

Our team's priority is customer service and having you wait is not an option. We offer same-day shipping on select items.

Made in the USA

Over a century of custom, industrial solutions

Vendor-Managed Inventory

Optimize your warehouse or storeroom with our custom inventory replenishment program. Our VMI program helps you consolidate your vendor list, provides just-in-time inventory, and most importantly, increases your bottom line.

Custom Lifting & Rigging

Whether you need supplies like a chain sling, hoist, shackle, wire rope sling, nylon sling, polyester sling, or custom-lifting device, or you need training seminars, rigging/hoist inspections, or repairs, we have the solution that is right for you.

Energy-Efficient Lighting

Mockbee Energy Solutions provides custom, factory-direct and turnkey LED lighting solutions to a wide range of customers and applications. Whether the project is retrofitting old technology or designing a new construction solution, we have the expertise and experience to meet your energy-efficient lighting needs.

Custom Fasteners & All Thread

We specialize in the production of custom anchor bolts, turnbuckle assemblies, and sag rods. We also manufacture custom all thread studs in most sizes and materials.

HVLS Fans

Mockbee Energy Solutions distributes and installs Z-Tech Large Diameter Fans from Go Fan Yourself. These industry-leading High Volume Low Speed (HVLS) fans have a symmetrical blade design which allows for true reversibility to mix the air without creating a wind chill for winter heating.
